2012 NEW VARIETY INTRODUCTIONS

Vegetables:

#5936 "Little Jade" Baby Napa Cabbage

Exclusive. Mini Napa or "Chinese" cabbage with juicy, tangy-sweet flesh and cool, crispy texture. Extremely vigorous, with excellent disease resistance. Plants form dense, vase-shaped 8-10 inch heads.

#5937 "Renee's Braising Mix" Gourmet Greens

Exclusive. Our blend of succulent greens, a mix of green & red leaf beets with silver & gold leaf chards. Eat as baby salad or grow for cooking greens; this tasty, tender mix is rich tasting and delicious either way.

#5938 "Tronchuda Beira" Portuguese Kale

Exclusive. Tender, sweet, and much more heat tolerant than any other kale, this delicious specialty has a wonderful mild but rich flavor and easy culture. 18 inch tall heads of paddle-shaped, blue-green leaves.

#5939 "Rhapsody" Butterhead Lettuce

Exclusive. Large, luxurious butterheads have softly folded luscious leaves and melt-in-your mouth flavor. Brand-new variety bred for flavor, form and vigor, with wonderful satiny texture and rich buttery taste.

#5940 "Stardom Mix" Edible Landscape Lettuce

Exclusive. Softly ruffled, emerald-green & burgundy-red lettuces with crispy-sweet leaves that grow into large rosettes of color and flavor. Perfect for sumptuous salads. Stunning in borders or vegetable gardens.

#5941 "Sabre" Shelling Peas

Exclusive. Easy-to-work, short vines bear double sets of well-filled pods each with 10 to 12 peas that shell out easily. Delicious tender peas with great taste. Extremely disease-resistant and productive plants.

#5943 "Astia" Container Zucchini

Exclusive. French bush variety, developed for container growing & small space gardens. Non-rambling, compact squash vines are ornamental, early bearing and productive. Easy to harvest, glossy green fruits.

#5951 "Isis Candy" Heirloom Cherry Tomatoes

Bicolor rose-red fruits with yellow-gold marbling have delicious flavor that is wonderfully rich and fruity, not just sugary sweet. Strong productive vines. Consistent top cherry winner at heirloom tomato tastings.

#5942 "Mandarin Cross" Japanese Slicing Tomato

Exclusive. Golden-orange fruits with wonderful creamy texture and a mouthwatering sweet, even flavor finish. These gorgeous tomatoes are borne in abundance and ripen like jewels on strong indeterminate vines.

Herbs:**#5945 Heirloom Italian Oregano**

Exclusive. Special aromatic oregano from a traditional Italian grower. Hardy perennial forms cascading mounds of zesty little leaves with purple blossoms. An ornamental & tasty kitchen garden essential.

#5946 Heirloom Spearmint

Exclusive. Our true spearmint, an old Italian selection, has highly scented, bright green, serrated leaves whose delicious sweet minty perfume accents, but doesn't overpower. The best tasting sweet mint from seed.

#5953 Wasabi Arugula

Exclusive. Brand-new unique wild arugula leaves have an incredibly delicious and spicy flavor exactly like freshly made wasabi paste. Easy to grow with pretty edible flowers. More weather tolerant than other arugulas.

Flowers:**#5947 "Cup of Sun" Mounding Nasturtiums**

Masses of flowers in sunshine colors: bright lemon-yellow, gold touched with toasty orange and a pastel yellow that fades to soft cream. The cheerful blossoms shine above blue-green foliage.

#5948 "Copper Pot" California Poppies

Luminous CA poppies in radiant coppery-red shades, especially dazzling when lit by the sun. Satiny blossoms shine like beacons above feathery, gray-green foliage. Glowing colors are real showstoppers.

#5949 "Coral Nymph" Hummingbird Salvia

Clouds of nectar-rich, orchid-like blossoms in an enchanting shade of coral with tiny white stamens. Hummingbirds seek out and flock to these flowers from dawn to dusk. Long-lasting and heat tolerant.

#5950 "Cha-Cha-Cha" Butterfly Zinnias

Exclusive. Double blossoms on 2 ft. stems in festive bright hues of deep red, gold, cerise, orange, yellow & rose form instant bouquets. Free flowering in containers or borders. Easy-care butterfly magnets.

#5952 "Raspberry Sorbet" Cutting Zinnias

Exquisite, richly raspberry-tinted fully double blossoms borne on branching plants. Easy to grow, free flowering and beautiful for both borders and richly colored bouquets. Butterflies adore them.
