

## New Varieties 2012 Sampler

**Heirloom Cherry Tomatoes**  
*Isis Candy*

Bicolor rose-red fruits with yellow-gold marbling have a delicious flavor that is wonderfully rich and fruity, not just sugary sweet. Strong productive vines. Consistent top cherry winner at heirloom tomato tastings.

**Edible Landscape Lettuce**  
*Stardom Mix*

**Exclusive:** Softly ruffled, emerald-green and burgundy-red lettuces with crispy-sweet leaves that grow into large rosettes of color and flavor. Perfect for sumptuous salads. Stunning in borders or vegetable gardens.

**Hummingbird Salvia**  
*Coral Nymph*

Clouds of nectar-rich, orchid-like blossoms in an enchanting shade of coral with tiny white stamens. Hummingbirds seek out and flock to these flowers from dawn to dusk. Long-lasting and heat tolerant

**Baby Napa Cabbage**  
*Little Jade*

**Exclusive:** Mini Napa or "Chinese" cabbage with juicy, tangy-sweet flesh and cool, crispy texture. Extremely vigorous, with excellent disease resistance. Plants form dense, vase-shaped 8 to 10 inch heads.

**Butterfly Zinnias**  
*Cha-Cha-Cha*

**Exclusive:** Double blossoms on 2 foot stems in festive bright hues of deep red, gold, cerise, orange, yellow and rose form instant bouquets. Free flowering in containers or borders. Easy-care butterfly magnets.

**Kitchen Herbs**  
*Heirloom Italian Oregano*

**Exclusive:** Special aromatic oregano from a traditional Italian grower. Hardy perennial forms cascading mounds of zesty little leaves with purple blossoms. An ornamental and tasty kitchen garden essential.

## New Varieties 2012 Sampler

**Container Zucchini**  
*Astia*

**Exclusive:** French bush variety, developed for container growing and small space gardens. Non-rambling, compact squash vines are ornamental, early bearing and productive. Easy to harvest, glossy green fruits.

**Mounding Nasturtiums**  
*Cup of Sun*

Masses of flowers in sunshine colors: bright lemon-yellow, gold touched with toasty orange and a pastel yellow that fades to soft cream. The cheerful blossoms shine above blue-green foliage.

**California Poppies**  
*Copper Pot*

Luminous CA poppies in radiant coppery-red shades, especially dazzling when lit by the sun. Satiny blossoms shine like beacons above feathery, gray-green foliage. Glowing colors are real show-stoppers.

**Gourmet Greens**  
*Renee's Braising Mix*

**Exclusive:** Our blend of succulent greens, a mix of green and red leaf beets with silver and gold leaf chards. Eat as baby salad or grow for cooking greens; this tasty, tender mix is rich tasting and delicious either way.

**Japanese Slicing Tomato**  
*Mandarin Cross*

**Exclusive:** Golden-orange fruits with a wonderful creamy texture and mouthwatering sweet, even flavor finish. These gorgeous tomatoes are borne in abundance and ripen like jewels on strong indeterminate vines.

**Portuguese Kale**  
*Tronchuda Beira*

**Exclusive:** Tender and sweet, much more heat tolerant than any other kale, this Portuguese heirloom has a wonderful mild but rich flavor and easy culture. 18 inch tall heads of paddle-shaped, blue-green leaves.
